## TL-A04

| Series                |                 | Active carbon filter                          | 产品类别 |    | 活性炭过滤网             |
|-----------------------|-----------------|---|------|----|--------------------|
| Structure             | Frame           | PP+active carbon granule+active carbon cotton | 构造   | 边框 | PP+活性炭颗粒+活性炭棉      |
|                       | Filtrating mesh |   |      | 滤网 |                    |
|                       | Latch           |   |      | 锁扣 |                    |
| Rated air flow        |                 | 8.7CFM  | 额定风量 |    | 8.7CFM             |
| Passing air flow      |                 | 4.5CFM  | 通过风量 |    | 4.5CFM             |
| Initial wind speed    |                 | 2820FPM                                       | 面风速  |    | 2820FPM            |
| Filtrating speed      |                 | 1280FPM                                       | 过滤速度 |    | 1280FPM            |
| Filtrating efficiency |                 | L7 ASHRAE52.2-1999                            | 过滤效率 |    | L7 ASHRAE52.2-1999 |
| Fireproofing level    |                 | V0 UL94                                       | 防火级别 |    | V0 UL94            |
| Certificate           |                 | ROHS UL900                                    | 证书   |    | ROHS UL900         |
| Packing               |                 | N.40  | 包装   |    | N.40               |
